

MORNING APPEAL.

Saturday.....June 11 1887

Desirable Grasses.

Last year some discussion was had in the State papers relative to filaree, the new fodder grass which was springing up in the State. This grass, or rather plant, is obtaining a firm foothold in this State and spreading rapidly.

Its seeds have little spiral filaments attached, and when blown about by the wind catch readily in the soil and grow quickly. No known forage plant fattens stock as rapidly as filaree. It grows in dry, sandy places where water never comes, and the rapidity with which it spreads is something wonderful. The dry, sandy hillside North of Rafettes on the road to Lake View is now covered with filaree, where only a few straggling plants were seen last year. At this rate the heretofore barren hills of Nevada will soon be mantled with filaree, which will save the cattlemen a vast amount of money.

Another desirable and fast-spreading plant is rye grass. It will grow in dry, sandy soil without water, and the sagebrush is becoming filled with it. The writer has found clumps of this grass three feet high growing where not a drop of water has reached it, on dry, sandy soil.

Clear away the sagebrush and supplant it with rye grass and filaree, and it will be worth millions to the State. It is not probable that many people will act on this advice, but the sturdy and enterprising plants are working their own way into Nevada, and teach the people what they ought to have known years ago. These plants have settled here to stay.

The Railroad Survey.

General Preble, who has been surveying the Central Pacific Railroad from the California line to the Eastern boundary of Humboldt county, went West yesterday, having completed the survey. He says the State loses two miles, and Elko county about four miles of the road, by the survey. Lander county gains a mile and three quarters and Humboldt loses about that length of track. This will reduce the main track in this county to 141 miles. The boundary between Humboldt and Lander counties on the railroad is exactly on the 40th parallel West of Washington. His survey from the California line East and that of Mr. Read from the Utah line West, varied only a few feet.—Silver State.

Domestic Hints.

If you are troubled with weak eyes never sift ashes while facing the wind, get your wife to do it, or wait till the wind shifts to another quarter. A cheap boy may be hired for 50 cents a day to pull weeds, but it costs \$1 extra to pay a man to watch the boy. He is a wise man who instead of driving his neighbor's hens out of the dooryard with a fusillade of old boots, stones and profanity, fixes up a snug place for them to lay in. If you are living beyond your means it is best to ignore the fact. Brooding over such trifles causes a man to worry, and worry kills more people than work.—Ex

Major Dennis Disgusted.

Old John Dennis late of the Times Review, but now running the Salt Lake Democrat, went to hear Belshazzar at the Big Tabernacle and is hugely disgusted. He says that the title "sacred cantata" induced him to prepare his ears for music of a deep, devotional, swelling, grand and long drawn order, whereas it was light and trifling airy and not of the deep devotional spirit he had anticipated. Hence the kick. When Dennis gets his ears set for any special grade of music it is hard to unlimber them and change the "set" to something else.

A Competing Line to the C. P.

Surveyors are in the field surveying a line from Frisco, in Utah, to Southern California. The big boom in Southern California has induced the Union Pacific to decide to extend their lines to the Pacific Ocean and compete for the Southern California business.

—Recently, C. W. Moore of Boise City drove a two-year-old Hereford thoroughbred one hundred miles over a hot sandy road and his hoofs came off necessitating his killing. He was valued at \$1,000.

ROYAL GEORGE, Jr.

WILL STAND FOR THE SEASON

—AT—

BENTON'S LIVERY STABLES,
CARSON CITY.

This horse is a chestnut, 15½ hands high, weighs 1,100 in road condition, was sired by Royal George, he by Warrior, son of Tippecoo, dam by Harris' Hambletonian; Tippecoo by Ogden's Messenger, Ogden's Messenger by imported Messenger. Harris' Hambletonian was sired by Bishop's Hambletonian, dam, Munson mare, by imported Messenger. Bishop's Hambletonian was sired by imported Messenger, dam, Pheasant, by imported Shark. The dam of ROYAL GEORGE JUNIOR, was "Negro Wench," sired by Jack Hawkins, he by Boston, dam, the celebrated running mare, Walnut-bark.

It is now conceded that if there is ever a horse that will trot in two minutes, it will be one that has the blood of these two great strains, Boston and Messenger.

Anyone having doubts of the breeding of Royal George, Junior, can have his record proven by calling on his owner,
J. M. BENTON,
